

JCN-ZX800/1200

装箱运输机

Case packer conveyor

柔性高精度抓取

这款装箱机在保持精度和高负载的同时，在紧凑的占地面积中展现了更高的柔性。运动控制性能强、精度高、节拍时间短。无论是在狭小还是宽阔的空间内，都能以紧密容差高速运行。

Flexible high precision grasp

This packing machine demonstrates greater flexibility in a compact footprint while maintaining accuracy and high load. Strong motion control performance, high precision, short beat time. Whether it is in a small or wide space, it can run at high speed with tight tolerance.

技术参数

Technical parameter

进包高度 Packaging height	830mm	最大载荷 Maximum load	5kg
进包宽度 Packaging width	350mm	定位精度 Positioning accuracy	±0.1mm
电源及功率 Power supply & power	AC380V/7Kw	适用类型 Applicable types	盒装、袋装 Boxed and filled
气源压力 Air pressure	0.5MPa	适用温度 Applicable temperature	0~50℃
装箱速度 Packaging speed	60~100 bags/min	适用纸箱 Applicable carton	≤500×400×400mm
